The CONNECTED Global Mobility Digital Platform by ITX

ITX has launched its digital platform for Global Mobility Management, called **CONNECTED**.

The tool centralizes and streamlines the coordination and exchange of information between expatriates, HR professionals and third party vendors in a secure and user-friendly environment.

FOR EXPATRIATES:

- Mobile, Desktop and web-based access 24/7
- Secure storage and updating of personal and family data required by HR teams and Third party vendors
- Electronic payslip, expenses claims and timesheets * *coming soon*
- Secure storage for contractual documentation, tax and social security data.

Connected Box

FOR HR PROFESSIONALS:

- Overview portal
- 24/7 storage and access of assignment data
- Co-working space, for fast and efficient workflow
- Secure file exchanges between HR teams and External Service Providers

Connected Portal

WHY CONNECTED?

- ✓ *More efficient communication with Expatriates, HR teams and Third party vendors*
- ✓ *Information exchanges secured via 2-factor authentication*
- ✓ *Access traceability and audit trail*
- ✓ *Digital archiving, allowing 24/7 secure access to informations*
- ✓ *Consolidate view of all your expatriate data, for enhanced risk management, business continuity and cost control*
- ✓ *One-click batch distribution of documents to different user groups, including invoices, salary calculations, etc*

The Leading Expatriate Management Solutions

connected
BY ITX

Co-developed by the Users, for the Users !

Connected was co-developed with the input, participation and supervision of our Mobility specialists, who personally manage real Mobility operations on a daily basis, and therefore are aware of all the complexities and requirements of the end-users.

An expatriate:

“This application is great! I’d urge us also to think about a digital solution also for the monthly timesheets, so we can monitor and update in real time our status of days of vacation available, etc. Still using paper and pdf is very old-fashioned for today’s world. Thanks, and all the best”

A HR Professional:

“Great to have all the documents that we need in the Connected box. This is very useful, and we can operate with maximum security”

“We would like to have this digitalized tool for all our employees, including those not managed by the Global Employment Company.”

Optimized international mobility management
Switzerland
